

Artur Kosma

Principal Animation Engineer with 9 years of experience creating AAA gameplay animation systems.

EXPERIENCE

Principal Animation Engineer · The Farm 51 2026 – Present

Rescue Drone Simulator

- Own animation systems for the rescue drone simulator after returning to a pure engineering focus.

Lead Combat Engineer · The Farm 51 2021 – 2026

Chernobylite 2

- Led a multidisciplinary team of 10+, splitting time roughly evenly between leadership and hands-on combat / animation engineering.

Lead Animator & Programmer · The Farm 51 2019 – 2021

Chernobylite 1

- First lead role: planned mocap, managed animators, and shipped movement and animation systems while still writing the code.

Junior Programmer · The Farm 51 2017 – 2019

Chernobylite 1

- Owned the character animation and rigging pipeline while studying; authored character animation and movement / AI-related code.
