

Artur Kosma

Principal Animation Engineer with 9 years of experience creating AAA gameplay animation systems.

EXPERIENCE

- Principal Animation Engineer** · The Farm 51 2025 – Present
Rescue Drone Simulator
- Own animation systems for the rescue drone simulator after returning to a pure engineering focus.
- Lead Combat Engineer** · The Farm 51 2021 – 2025
Chernobylite 2: Exclusion Zone
- Led a multidisciplinary team of 10+, splitting time roughly evenly between leadership and hands-on combat / animation engineering.
- Lead Animator & Programmer** · The Farm 51 2019 – 2021
Chernobylite 1
- First lead role: planned mocap, managed animators, and shipped movement and animation systems while still writing the code.
- Regular Programmer** · The Farm 51 2018 – 2019
Chernobylite 1
- Grew into owning character movement and animation systems end to end while shipping production features without a lead title.
- Junior Programmer** · The Farm 51 2017 – 2018
Chernobylite 1
- Started while studying; owned the character animation and rigging pipeline and authored movement / AI-related code.

SKILLS

Stack

C++, Unreal Engine

Tools

Visual Studio, ReSharper, Animation Blueprints, Control Rig, Behavior Trees, State Trees, Sequencer, Unreal Insights, Maya, MotionBuilder, Perforce

Focus

Animation systems, procedural animation, linear algebra, 3C & gameplay programming, combat design, CPU optimization, animator pipelines, motion capture direction, team leadership

LOCATION

Silesia, Poland

EDUCATION

University of Silesia

Engineer, Computer Science
Specialization: Game Programmer

LANGUAGES

Polish, English

INTERESTS

Martial arts (Polish National Amateur Muay Thai champion), metal music, MMORPGs, Star Wars, Dungeons & Dragons, Chornobyl Exclusion Zone
