

Artur Kosma

Principal Animation Engineer with 9 years of experience creating AAA gameplay animation systems.

EXPERIENCE

Principal Animation Engineer · The Farm 51 2025 – Present
Rescue Drone Simulator

- Own animation systems for the rescue drone simulator after returning to a pure engineering focus.

Lead Combat Engineer · The Farm 51 2021 – 2025
Chernobylite 2: Exclusion Zone

- Built and led a team of 10+ animators, programmers, and character artists from day one — hiring, reviews, and production planning.
- Directed every motion capture session on the project.
- Designed combat end to end and owned player 3C.
- Authored a custom Gameplay Ability System and shipped Motion Matching for the main hero.
- Created the dialogue system.
- Created every animation pipeline tool.

Lead Animator & Programmer · The Farm 51 2019 – 2021
Chernobylite 1

- Led three animators: gave feedback and coded animation pipeline tools.
- Implemented every cutscene in the game.
- Owned the animation production schedule and quality bar through release.
- Optimized animation CPU cost with a focus on console performance.

Regular Programmer · The Farm 51 2018 – 2019
Chernobylite 1

- Grew the early prototypes into production movement, animation, and combat systems, owning features end to end.
- Built the dialogue system — logic and animations.
- Directed motion capture sessions for all character animations in the game.

Junior Programmer · The Farm 51 2017 – 2018
Chernobylite 1

- Prototyped main-character game input.
- Animated locomotion prototypes for every enemy in the game.
- Built gunplay prototypes in code and animation.
- Owned the early character animation and rigging pipeline.
