

Artur Kosma

Principal Animation Programmer with 9 years of experience creating AAA gameplay animation systems.

EXPERIENCE

Principal Animation Programmer · The Farm 51 2025 – Present

Rescue Drone Simulator

- Own animation systems for the rescue drone simulator after returning to a pure engineering focus.

Lead Combat Engineer · The Farm 51 2021 – 2025

Chernobylite 2

- Led a multidisciplinary team of 10+, splitting time roughly evenly between leadership and hands-on combat / animation engineering.

Lead Animator & Programmer · The Farm 51 2019 – 2021

Chernobylite 1

- First lead role: planned mocap, managed animators, and shipped movement and animation systems while still writing the code.

Regular Programmer · The Farm 51 2018 – 2019

Chernobylite 1

- Grew into owning character movement and animation systems end to end while shipping production features without a lead title.

Junior Programmer · The Farm 51 2017 – 2018

Chernobylite 1

- Started while studying; owned the character animation and rigging pipeline and authored movement / AI-related code.
